

**Sample letter to parents  
of students attending an Outdoor Education experience at Camp Squeah.  
(Please edit to suit your own needs.)**

---

Dear Parents,

We have decided to attend Camp Squeah for this year's Outdoor Education trip. Our class will be attending Camp Squeah from \_\_\_\_\_ to \_\_\_\_\_ ( \_\_ days, \_\_ nights).

This opportunity will provide our students with a positive educational experience, in which they will have an opportunity to develop social and personal skills, getting to know themselves and other classmates better in a cooperative, safe and fun camping adventure. Hikes and educational activities focusing on the North Cascades/Coastal ecosystem, and recreational skill development will be led by qualified instructors who specialize in teaching young people in the field. Their classroom will be the forest, creeks, ponds and the safety certified facility at Camp Squeah.

**The cost per student is \$\_\_\_\_\_ for the program.** Scholarships are available (if your school has a scholarship program). Please return the completed registration form and send it to us **at least 4 weeks prior** to the program date.

Camp Squeah is located 16 kms north of Hope on Trans Canada Highway #1 and at [www.squeah.com](http://www.squeah.com) online. The students will sleep in cabins and spend the days participating in physical and educational activities, while developing cooperative skills.

Support from parents is encouraged to help make this a successful and positive experience for all involved. Parents can help in the following ways:

- Be a chaperone for the trip. Come along to go on hikes, help supervise meal times and evenings, and share an unforgettable experience with your child. We need at least one parent for every 8-10 children.
- Help students in planning and packing clothing and equipment to bring to Camp Squeah (let us know if you need to borrow anything BEFORE we go).

Please contact me if you are interested in helping with this educational adventure!

Sincerely,
